

# Street-Smart Advertising

3M Fleet Graphics Solutions turn your vehicles into mobile billboards helping you to expand the reach, frequency and impact of your advertising campaign, so that you can grow your business, no matter how big . . . or how small.

# Mobile Media Advertising— Smart in Every Direction

Whether you operate a fleet of 2,000 trucks or rely on a single van to deliver your products and services, 3M graphics can transform your fleet into a cost-effective media asset, powerful enough to help drive brand awareness, sales and business growth.

## The Power to Reach

Consider this: a single intra-city truck with graphics can generate up to 16 million visual impressions in a year.\*

In fact, study after study ranks mobile media as the most cost-effective and influential advertising media available.

*\*American Trucking Association*

## The Power to Impress

How influential? A study by ad agency RYP & Becker Group found that:

- 97 percent of survey respondents recalled the ad on the truck.
- 98 percent thought the ads created a positive image of the advertiser.
- 96 percent thought fleet graphics had more impact than billboards.

## Now, The Power to Target

The industry norm is to estimate fleet advertising impressions by calculating the number of miles driven per truck per day by the type of road.

Imagine adding demographics as a dimension. What do you get? Vastly improved measurement capabilities, proof of performance and the ability to target your campaign.

# Cadbury-Schweppes Graphic Effectiveness Study

3M measured the advertising effectiveness of fleet graphics for Cadbury-Schweppes Company using GPS units to track 10 Snapple® trucks through two major metropolitan areas.

The three-month study correlated truck routes against zip codes and demographic data to deliver the most accurate measurements of message effectiveness, to date.

## Key Findings:

- ▶ Fleet graphics generate a large number of impressions—in this study, an average of 6 million Prime Daily Effective Circulation (DEC) per truck, annualized.
- ▶ Mobile media advertising offers the lowest cost-per-impresion of any major advertising medium.
- ▶ Routes and messages can be optimized to target specific demographic groups.
- ▶ Fleet graphics add a valuable dimension to the advertising marketing mix.

## Unbeatable Value

Media Asset-Value Comparison

Advertising Medium	Cost per thousand (CPM)*	Cost of Equivalent DEC
Television	\$23.70	\$1,445,700
Magazine	\$21.46	\$1,309,060
Newspaper	\$19.70	\$1,201,700
Prime-time television	\$18.15	\$1,107,150
